

M8 Plus Colour Changer

- The Same Great Reliability and Value in an Improved Design

Selling over 50,000 units to date, it's no wonder the Chroma-Q™ colour changers have an industry proven reputation for performance and reliability.

Combined with a choice of models to fit most fixtures and new advanced features, the range offers outstanding value.

Designed to fit all industry standard 8-Lite fixtures, the new Chroma-Q M8 Plus™ includes a host of next generation, advanced colour changer features. The unit is also fast to rig and de-rig and is designed to withstand the rigours of touring. New features include digital circuitry controls and LED indicators, four fan speeds, two major scrolling speeds and a gel saver mode. Requires additional power supply.

M5 Plus Colour Changer

- The Same Great Reliability and Value in an Improved Design

With over 50,000 colour changers from the Chroma-Q™ range sold to date, it's no wonder they have an industry proven reputation for performance and reliability.

Combined with a choice of models to fit most fixtures and new advanced features, the range offers outstanding value.

Designed to work with larger fixtures ranging up to 5000W, the new Chroma-Q M5 Plus™ is an improved version of the popular colour changer. New features include digital circuitry to control fan speed, motor scrolling speed, gel saver mode and reset. Four fan settings and two motor scrolling speeds enable optimum adjustment for different environments. The gel saver mode also extends scroll life. Requires additional power supply.

Key Features

- ▶ 2 - 16 frames.
- ▶ Suitable for fixtures rated up to 5000W.
- ▶ DMX control of fan speed, motor scrolling speed, gel saver mode and reset.
- ▶ 4 mode variable fan speed.
- ▶ 2 mode variable motor scrolling speed.
- ▶ Gel saver mode.
- ▶ Full LED display control and operation status indicators.
- ▶ Power assist colour scroll loading.
- ▶ Fast scrolling access time.
- ▶ Highly reliable design.
- ▶ Rugged, lightweight construction.
- ▶ Easily accessible working components.
- ▶ Industry standard connectors.
- ▶ Compatible with other Chroma-Q models & accessories.
- ▶ Supplied with safety cable.
