

CENTAURI STAGE™

Stage Modules and Handrails

CENTAURI STAGE

Your next stage is here!

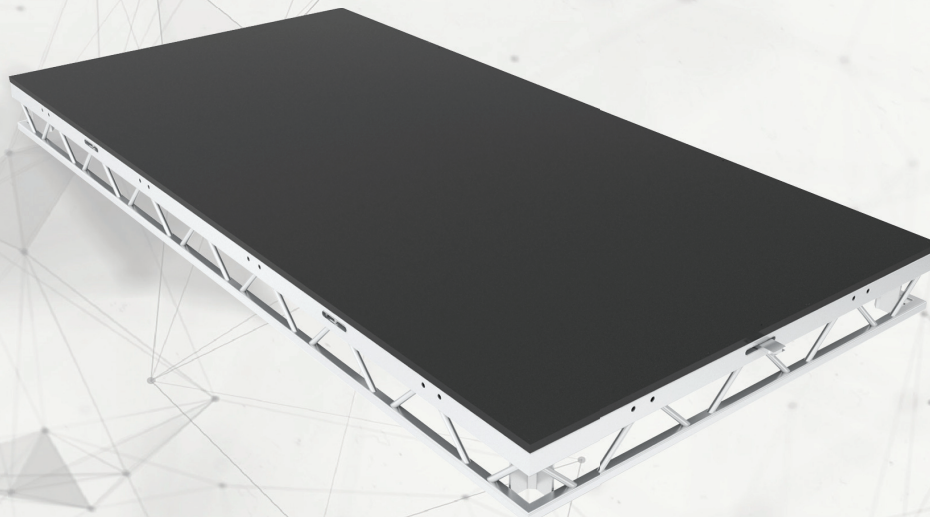

Centauri Stage's range of deck and accessories is available in a variety of shapes and sizes.

Ideal for every kind of event, both big and small, and built to withstand the rigours of touring, Centauri Stage Deck provides the platform you need to ensure you can keep rocking.

Centauri Stage Deck provides flexibility through its compatibility with some industry standard decks.

A selection of handrails are also available in a range of sizes, to ensure you can reach new heights safely and quickly.

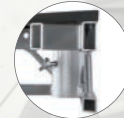

Also available in the range is Centauri Stage Deck Toplok, which enables you to connect decks together through its integrated custom locking system, which with a single turn of an Allen key will lock the decks into position, massively reducing build time.

Leg pocket system

Deck top fixing

Cross section of profile

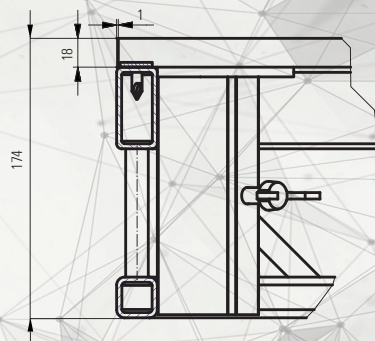

Deck connection point

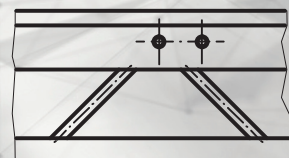

Optional Rotalock for quick assembly

Smooth, matt black painted surface
